

K-LOVE radio station is very uplifting to me with it's encouraging music and informative news and commentary. I know that there are very many people, young and old, in the Ukiah valley area who are listeners to this station. If K-LOVE is replaced by an LPFM programmer providing a different type of programming, it would leave a big hole in this community, because there is not another station like K-LOVE. I believe that the programming provided by K-LOVE helps to keep the citizens of this area focused on the positive message delivered by the words and music of the songs and also keeps them informed about current news events from a Christian perspective. The station also informs us of events happening in our area that are of interest. Please do not allow any LPFM stations to take priority over this vital service to our community that is provided by K-LOVE. Thanks, Marvin and Jackie Wilson
